

INTRODUCTION

Hello Sir / Mem

Good Morning

Thanks for giving me this opportunity. My name Shivali Ghiyad. I belong to Bandhiya but currently staying in Rajkot. I completed my Bachelour of Science in Information Technology in Harivandana College from Saurashtra University.

I am learning graphic design course from Toppers Technology and it's over now.

We are five family members: my parents, my brother, my sister, and me. My brother is younger, my sister is elder. My mother is a house maker, my father is a farmer.

My leisure time activity is learning something new. My hobby is like shopping.

PERSONALITY TRAITS

My creativity can inspire fresh design ideas, my analytical skills ensure designs are well crafted , and my passion for problem solving helps overcome any design challenges that arise.

WHY CHOOSE THIS CAREER ?

Now, brain games like chess,puzzles, join a reading group or debate group.

The ability to think outside the box and create original and unique design that capture the viewer's attention. Because it felt it fit well with my creative abilities and provided me with the platform to showcase my skill. The ability to be creative while working and perhaps having flexible hours.
